

EDUTOUCH HEIGHT ADJUSTABLE MOBILE SOLUTION

EDUTOUCH HEIGHT ADJUSTABLE MOBILE SOLUTION

The EduTouch Height Adjustable Mobile Solution is a versatile mobile solution that allows for height adjustability, either manually through gas strut support, or automated. The EduTouch panel is securely mounted to the trolley and the overall design provides stability and is compatible with all EduTouch panels (55", 65", 75", 86" and 98"). The trolley allows for proper cable management, the laptop arm can be mounted on either side of trolley and the EduTouch Height Adjustable Mobile Solution fits through standard doorways.

The EduTouch interactive panel supports 20 Point Touch (55"-86") based on infrared technology, making it easy to perform touch and gesture based interactive activities. It can bring great flexibility to your kindy, classroom, lecture room, conference room or other business centre.

Features:

- Integrated Android Interface with Touch Control (Whiteboard functionality without a PC)
- Web Browsing without a PC
- 20 Point Touch (55"-86")
- PC Module optional for all EduTouch Panels
- Surface Protection - Toughened Glass (Mohs Scale Level 7)
- Anti-Glare Glass
- 5 Year Warranty
- MAC and Windows Compatible
- Bluetooth and Dual-Band WiFi

ScreenShare Pro

ScreenShare Pro now included on all UHD models, allowing for wireless display and touch control with Mac and Windows and wireless display from Android and IOS devices.
