Personalized Instruction

Reading A-Z offers an extensive collection of leveled books, lesson plans, and collaborative learning opportunities that help develop key 21st century reading skills. With an emphasis on personalized learning, the product's resources are available in printable and projectable formats and are easily customized for whole-class, small-group, or one-to-one instruction.

Engaging Practice

Raz-Kids delivers a wealth of leveled eBooks and eQuizzes students can access using a computer or mobile device. The product allows students to listen to books read aloud, read books at their own pace, and record themselves reading books to ensure fluency. Each book is followed by an automated quiz students must pass before moving on.

Hands-On Science Literacy

Science A-Z integrates into daily instruction with a vast collection of multilevel resources that develop both key reading skills and scientific literacy. The product provides comprehensive teaching units that include hundreds of differentiated books, project-based learning resources, and hands-on science activities and experiments that put science into practice.

*Reading A-Z was named the #1 teacher website for K-5 according to Education Market Research's 2012 Report, "Elementary Reading Market: Teaching Methods, Traditional and Digital Materials Used and Needed, and Market Size".
