

THE FOUNDATIONAL READING COLLECTION

All the personalized content and adaptive tools needed to teach students key foundational reading skills

Reading is the key to all learning. The Foundational Reading Collection includes Reading A-Z, Raz-Kids, and Headsprout to provide an array of resources that develop students' foundational reading skills. Whether used for children just learning to read or as an intervention tool for struggling readers, these resources deliver the assessment, instruction, and practice students need.

Collection Includes:

Reading A-Z

Ranked #1 by teachers,* Reading A-Z includes an extensive collection of leveled books, lesson plans, and teaching resources ideal for whole-class, small-group, and one-to-one instruction.

Raz-Kids

Raz-Kids provides a library of interactive eBooks and corresponding eQuizzes at 29 levels of difficulty students use to practice and improve their reading skills at school, at home, or on the go.

Headsprout

Headsprout is an online reading program that teaches kids to read through interactive instruction tailored to each child's unique learning needs that boosts test scores and improves literacy rates.

THE FOUNDATIONAL READING COLLECTION

Personalized Instruction

Foundational reading skills are best taught through hands-on instruction. Reading A-Z offers a number of printable and projectable resources designed to enhance teaching foundational reading skills in various learning environments.

Engaging Practice

In order to refine and improve their reading skills, students must practice regularly. Raz-Kids provides an engaging eLearning environment where students can practice reading developmentally appropriate books in computer-based and mobile formats.

Adaptive Learning

Every student learns to read in their own way and at their own pace. Headsprout provides an entire sequence devoted to teaching children critical foundational reading skills through engaging episodes that adapt to each student's unique needs.

*Reading A-Z was named the #1 teacher website for K-5 according to Education Market Research's 2012 Report, "Elementary Reading Market: Teaching Methods, Traditional and Digital Materials Used and Needed, and Market Size".
