Epson EB-535W

The bright choice in interactive projectors for today's BYOD classroom.

Epson EB-535W short throw projectors provide ultra-bright image quality up to 3,400 lumens both in high colour brightness and in white brightness with 3LCD, 3-chip technology. The EB-535W short throw projectors are ideal for delivering large and engaging presentation content in the classroom or office without having the restriction of space. The EB-535W also features a newly developed high precision short throw lens with greater sharpness and improved focus levels. The long lasting lamp, projecting up to 10,000 lamp hours in ECO mode gives an extended period of reliable performance. Suitable for desktop use with convenient table top placement or using the optional wall mount (ELP-MB45), the EB-535W short throw offers flexible installation in any environment.

SHORT THROW
PROJECTORS

Epson EB-L200SW

Bright, easy-to-read images with laser display.

Brighter colours and reliable performance* – 3LCD, 3-Chip Technology. Look for both high colour brightness and high white brightness

Break through laser technology – provides up to 20,000 hours of virtually maintenance free operation, with the added benefits of higher image contrast and instant ON/OFF

Amazing Colour Brightness – up to 3,800 Lumens colour brightness and 3,800 Lumens white brightness

WXGA display up to 120" – for an optimal viewing experience and clear readability — up to 4 x bigger than a 60" flat panel

Auto keystone – easily set up the projection with intuitive adjustment feature

Built-in wireless and Miracast – collaborate with various devices to display documents, files and photos from your iPad, iPhone, Chromebook and Android mobile devices with the Epson iProjection App

Versatile connectivity – easily integrate with any system using HDMI and the optional Epson Control box (ELPCB03)

Designed for today's BYOD classroom, the Epson EB-600 series takes classroom collaboration further. Offering 3x Higher Colour Brightness¹ than competitive models, Epson® 3LCD projectors and displays ensure bright, vivid images. It features optional wireless functionality (module sold separately) and advanced connectivity, so teachers can easily share content from multiple student devices, including Chromebooks — up to four at once with Moderator software². Plus, its lamp lasts up to 10,000 hours in ECO Mode.

Epson EB-735F

HD display for bright and engaging classrooms.

3 x Brighter Colours and Reliable Performance* – 3LCD, 3-Chip Technology. Look for both high colour brightness and high white brightness.

Bright Images – Up to 3,600 lumens colour / white brightness.

Break Through Laser Technology – provides up to 20,000 hours of virtually maintenance free operation, with the added benefits of higher image contrast and instant ON/OFF.

Full HD display up to 120" – for an optimal viewing experience and clear readability — over 2x as big as a 70" flat panel.

Ultra-wide 16:6 image – utilise the size of classroom to its maximum with display up to 110 inches for interactivity or multiple screen viewing.

Easy to Use – just walk in, turn it on and start writing - no computer, software or training is required.

Wireless Device Compatibility – wirelessly display documents, files and photos from your iPad, iPhone, Chromebook and Android mobile devices with the Epson iProjection App.

Manage your display and send announcements remotely – easy network connectivity; software included.

Versatile connectivity – 3x HDMI supports multiple high-definition A/V devices support.
