

IG3 English Literacy Intervention System

The IG3 English Literacy Intervention System is a revolutionary educational solution for Grades K-10. It offers personalised learning plans, uses an AI-enhanced assessment algorithm to accurately determine each student's proficiency level, and aims to create an environment where every child can thrive.

Multi-Dimensional Assessment: Precision Meets Proficiency

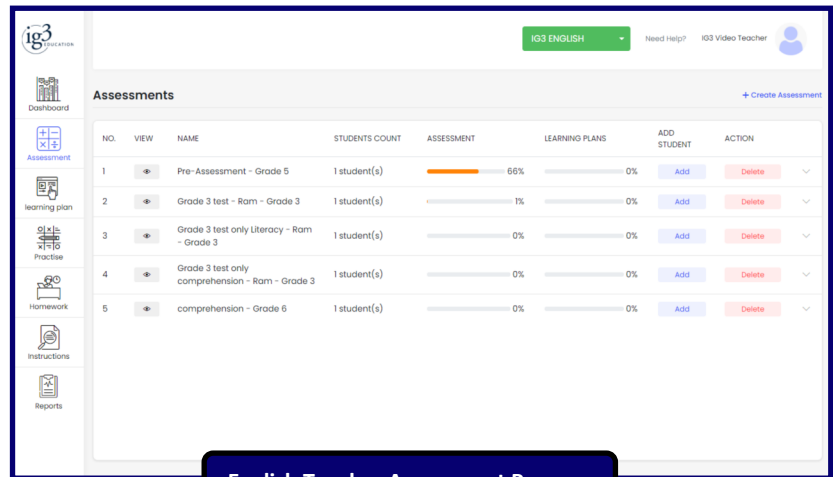

- **Adaptive and Differentiated:** Our comprehensive assessment identifies precise learning gaps and gauges student understanding.
- **Guiding Back to Proficiency:** The assessment ensures students return to grade-level proficiency.
- **Beyond Pass/Fail:** Our AI-powered algorithm accurately assesses each student's proficiency level, going beyond mere pass/fail outcomes.

English Teacher Dashboard

Engaging Instruction Methods: Tailored for Diverse Learners

- **Catering to Learning Styles:** Our system incorporates engaging instructional methods that resonate with diverse learners.
- **Effective Learning Experience:** Varied approaches enhance student engagement and understanding.

English Teacher Assessment Progress

Individualised Assessments: Customised Learning Paths

- **Educator Empowerment:** Teachers can create personalised assessments, choosing topics, exercises, grade levels, and pass rates.
- **Meeting Unique Needs:** Tailored assessments address each student's individual requirements.

IG3 English Literacy Intervention System

The Difference

Individualised Learning Plans: Confidence and Inclusion

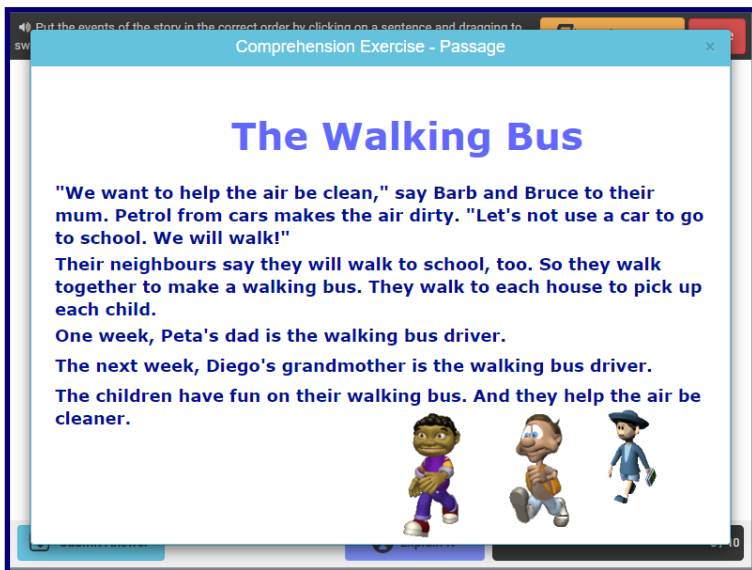

- **Personalised Learning Paths:** After the Multi-Dimensional Assessment, each student receives a detailed learning plan.
- **Inclusive Classrooms:** Educators seamlessly support both remedial and gifted students in the same class.
- **Confidence Building:** Targeted plans foster student confidence in mathematics.

Progress Monitoring and Reporting: Insights at Your Fingertips

- **Real-Time :** Track student activity, time spent on exercises, and completion percentages.
- **Printable Progress Reports:** Individualised reports for informed decision-making.

Self-Paced Learning: Flexibility and Engagement

- **Learn at Your Own Pace:** Students can access homework and practice assignments anytime, anywhere.
- **Interactive Exercises:** Real-time engagement through interactive exercises.
- **Dynamic Practice Questions:** No repetitive patterns—our system generates fresh questions for effective learning.

Curriculum Designer: Customisation for Educational Excellence

- **Tailored Curriculum:** Schools, districts, and countries can adapt the curriculum layout to meet specific standards.
- **Automated Alignment:** Lesson descriptions and alignments seamlessly integrate into reporting.
- **Global Coverage:** Our curriculum spans Imperial and Metric standards.
