

# NUITEQ Chorus

## MASTER — SIMPLIFY—TRANSFORM

NUITEQ Chorus is a desktop and online (chorus.nuiteq.com) educational software that brings interactivity to your school and boosts classroom engagement by using Smarter Human Interaction.

In today's dynamic educational landscape, **preparing students** for future workplaces requires more than traditional teaching methods. That is why Chorus is a solution that integrates diverse skill-building techniques, uses the power of digital technology for accessibility and inclusivity, optimises content delivery processes, and helps reduce teacher workload while prioritising the well-being of educators.

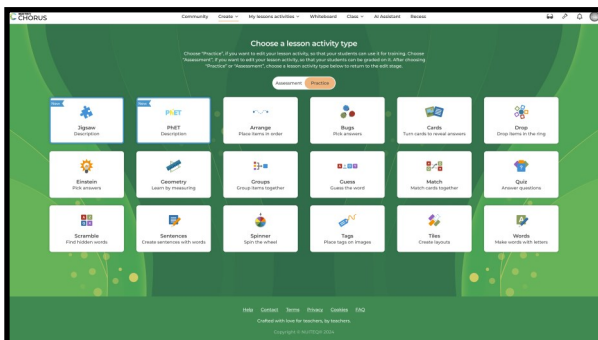

The solution is not just about teaching-it's about transforming teaching and learning by empowering both students and teachers alike. Chorus supports over 40 languages including English, Spanish, Arabic, Chinese and more.

## MASTER

Transition learners from content consumers into empowered creators, showcasing mastery of content.

With Chorus's digital makerspace, students embark on a personalised learning experience where they become active participants in their education. They master content while developing essential skills such as critical thinking, communication, and problem-solving. Whether they're crafting multimedia presentations or designing digital projects, Chorus provides multiple ways of expression and engagement, as well as comprehensive tools and support, enabling students to unleash their creativity and demonstrate mastery of content effectively.

Empower students to take ownership of their learning journey and unlock their full potential as creators and innovators.

## SIMPLIFY

Simplify teaching with accessible, relevant, and engaging content. Reducing teacher workload is essential for ensuring educators can prioritise fostering student success.

With Chorus, teachers gain access to pre-vetted curriculum-aligned content, complete with lesson plans, worksheets, activities, and instructional videos.

In addition, Chorus has an AI Assistant that significantly reduces the time required to create curriculum-aligned lesson activities, making work more efficient and productive. The AI Assistant supplements the teacher's expertise and can easily create differentiated lesson activities to address every student's unique learning style

## TRANSFORM

Transform education to improve learning opportunities and elevate students' outcomes.

Transforming school processes, from daily teaching to learning practices, to improve student outcomes is an attainable goal. The educational technology solution facilitates this transformation by providing an accessible interface that engages students, elevates learning outcomes, and streamlines the daily teaching and learning processes for teachers, curric-

## FOR TEACHERS

With Chorus, teachers can access ready-to-use materials, reducing workload and improving efficiency. This transformation not only improves learning outcomes but also delivers a significant return on investment for schools.

## SAVE LESSON PLANNING TIME

Teachers can find standards-aligned Chorus Lessons created by teachers for teachers that they can edit to suit their needs. Our video-linked lessons provide hands-on activities aligned with educational standards. These lessons are made by teachers for teachers: by the members of NUI TEQ's Global Content Department.

## DO MORE WITH EVERY TOUCH

Smarter Human Interaction means doing more with every touch. Save your preferred custom Zones layouts so you can have an entire collaboration station with one single tap. Load a lesson playlist or webpage directly from your home screen.

## AI-POWERED TECHNOLOGY

Teachers are empowered with the award-winning AI assistant, designed to supplement their expertise and supercharge the creation of engaging lesson activities.

## ENGAGING STUDENTS

We believe that Making Education Fun means listening to students and how they want to learn. The student's voice enables authentic dialog and deep reflection but we need Smarter Human Interaction to ensure that more class time is spent on reflecting and active learning.

## FUN CONTENT

Transform quality videos from trusted sources into learning activities and provide multiple ways to learn the material (e.g. Wikipedia, Podcasts) so that every student can succeed.

## A SAFE PLACE TO SHARE

When you answer multiple choice, true/false, and even open-ended questions in a Chorus Poll, students can be anonymous and grades are hidden. Students can share their feelings with emojis and bad words in English and Spanish are filtered out.

## DRAFTING AND DESIGN

Chorus allows multiple students to work simultaneously on the same display with different apps. Capture your personal zone and use it as a collage for markup and presentation.
